

# Vacuum Cut-Off Wheel Tools

## 4-1/2" (114 mm) Diameter

### Model 52436

*.7 hp, 20,000 RPM, 7° Offset, Rear Exhaust*

- For use with optional 94912 Diamond Cut-Off Wheel, 4-1/2" (114 mm) outside diameter, slotted for cooler running and longer life.
- Adjustable wheel guard has vacuum port, 1" (25 mm) outside diameter, that diverts airborne dust and debris to optional vacuum source.
- Blade depth exposure of 1-3/16" (30 mm).
- Tool includes cushioned, soft-grip side handle.
- Handle is offset 7° for greater operator comfort and control.
- Safety-lock lever is included.
